

TechnoAide

The One-Stop-Shop for Imaging Solutions

2021 PRODUCT GUIDE

TechnoAide

The One-Stop-Shop for Imaging Solutions

When Dick Hatchell started making x-ray markers out of his Nashville garage in 1977, he had one simple goal; provide radiologists like himself with the key supplies they needed to aide their everyday lives. It was out of this simple goal that Techno-Aide was born.

Dick's commitment to support the rapidly growing hospitals in his hometown would continue to grow exponentially over the years. Ever changing to meet the needs of a growing and developing market, Techno-Aide saw the addition of a multitude of products and solutions throughout the years. Through continued expansion, premium innovations and changing ownership, Techno-Aide became one of the predominant US based manufacturers of imaging solutions today.

At the company's core, through every iteration, one thing never changed. Techno-Aide remains dedicated to providing the right accessories and supplies needed in the medical imaging industry and continues to help protect and assist medical professionals in the jobs they perform every day.

On March 3rd, 2020, Techno-Aide had the unique opportunity to remake itself once again. In the aftermath of an EF-3 tornado that tore through Nashville in the middle of the night, Techno-Aide found the building we called home for over 35 years completely destroyed. Out of this disaster the Techno-Aide family made a commitment to rebuild and emerge stronger than before. Today, the determination and goals that founded this company in 1977 live in a new building, new equipment and new ways to innovate. Techno-Aide is here and better than ever!

Our commitment to you is simple. Techno-Aide will provide the products and solutions you need quickly, at a reasonable price, and deliver a world class customer experience making it easier than ever to work with us. Whether by phone, online, or email, Techno-Aide seeks to be your best one-stop-shop for imaging solutions.

Thank you for considering Techno-Aide. It is our pleasure to provide these solutions for you.

Sponges & Positioning Aids

Positioning sponges provide patient comfort and help medical staff save time and reduce error. Sponges, bolsters, wedges or blocks; no matter what you call them, foam positioning aids are one of the most important and consistent needs for every imaging department. With a shape, size and style designed to meet virtually every need, Techno-Aide is proud to be the one-stop-shop for all positioning aids! Shop our specially curated sponge bundles to save time and money!

Closed Cell Sponges

Techno-Aide's NEW closed cell sponges are the ultimate option in positioning aids! The liquid resistant and artifact free material offers every advantage of a traditional coated sponge with ZERO drawbacks! Durable, lightweight and cleanable, the non-porous foam offers artifact free imaging without expensive coating! Techno-Aide's closed cell sponges are the future of positioning aids.

Closed Cell Sponges
\$10 - \$421

Coated & Non-Coated Sponges

Techno-Aide's coated and non-coated sponges offer excellent positioning support at an affordable price. High quality and durable foam provides added patient comfort and helps achieve perfect positioning during imaging. All Techno-Aide coated sponges feature a sprayed-on proprietary non-porous, cleanable and flexible green exterior.

Coated & Non-Coated Sponges
\$14 - \$475

Vinyl Covered Sponges

Techno-Aide's premium vinyl covered sponges offer the superior durability and stability during imaging. The extremely durable and easy to clean vinyl covers feature soft and flexible foam interiors for patient comfort. No more concern for liquid absorption and transference between patients, these upgraded positioners feature completely sewn and sealed seams and edges, creating a totally sanitary and non-porous surface.

Vinyl Covered Sponges
\$72 - \$595

Sponges & Positioning Aids

Vinyl Sandbags & Sandsocks

Techno-Aide's premium sandbags and sandsocks are the ideal option for quick and comfortable patient positioning. These flexible positioners help position a patient's anatomy during difficult and specialty procedures. Easily make adjustments to reduce patient exposure and increase productivity. Techno-Aide's extensive line of positioning aids helps you save time, save costs and save lives!

Perfect for use in Veterinary!

Table Pads

Techno-Aide is proud to offer our deluxe selection of imaging table pads, specially curated to meet practically any need. Our table pads are carefully handcrafted to offer a superior product at an affordable price. Techno-Aide's table pads provide premium comfort and increase both patient and medical staff safety during imaging procedures. Shop with confidence as our table pads are available in multiple styles, numerous deluxe foam and fabric options, and universal sizes designed to fit virtually every make and model of imaging table.

Standard Table Pads

Techno-Aide's standard table pads feature a high quality and durable vinyl over a premium foam interior. Standard table pads feature tapered ends with two brass grommets (eyelets) at each end for hanging storage. Standard table pads are made of radiolucent material and offer easy cleaning between patients with any mild cleaner or germicide.

Our most popular table pad style can be used on imaging tables or stretchers to provide added comfort and stability for patients. With increased comfort and durability versus our economy pads, standard table pads are a must-have imaging accessory at a great price!

- Comfortable and durable vinyl over a premium foam interior
- Perfect for x-ray tables and stretchers
- Increases patient comfort and stability
- Available in universal sizes designed to fit virtually every standard make and model table
- Feature tapered ends with brass grommets for proper hanging storage
- Made from radiolucent foam and material
- Easy to clean and sanitize!
- Available in three premium foam types
- Choose from black or blue high-quality vinyl, or our deluxe reinforced Techno-Tuff™ vinyl

Standard Radiolucent X-Ray Table Pads
\$275 - \$465

Table Pads

Premium Table Pads

Techno-Aide's premium table pads feature superior foam interior options, including a deluxe memory foam style core, and your choice of high-quality reinforced vinyl or an ultra-comfortable 4-way stretch nylon fabric. All premium table pads include completely sewn and sealed boxed corners for a sleek and polished look.

These upgraded table pads can be used on imaging tables or stretchers to provide superior comfort and increased stability for patients. Premium table pads are made of radiolucent material and offer easy cleaning between patients with any mild cleaner or germicide.

- Upgraded foam interior options, including a deluxe memory foam style core
- Perfect for x-ray tables and stretchers
- Increases patient comfort and stability
- Available in universal sizes designed to fit virtually every standard make and model table
- Feature sleek sewn and sealed boxed corners
- Made from radiolucent foam and material
- Easy to clean and sanitize!
- Available in three premium foam types

Premium Radiolucent X-Ray Table Pads
\$438 - \$810

Economy Table Pads

Techno-Aide's economy table pads are a high quality and cost-effective pad replacement. Economy table pads feature a soft light blue vinyl cover with our standard foam interior options.

Economy table pads can be used on imaging tables or stretchers to provide added comfort and stability for patients. Economy table pads are radiolucent and offer easy cleaning between patients with any mild cleaner or germicide.

- Perfect for x-ray tables and stretchers
- Increases patient comfort and stability
- Available in universal sizes designed to fit virtually every standard make and model table
- Feature tapered ends with brass grommets for proper hanging storage
- Made from radiolucent foam and material
- Easy to clean and sanitize!
- Available in three premium foam types

Economy Radiolucent X-Ray Table Pads
\$130 - \$310

X-Ray Markers

X-Ray markers are one of the most important, and oftentimes required, imaging accessories. Used to indicate a patient's left-right orientation, body position, time of procedure, or initials of the radiographer, these crucial imaging accessories help medical staff save time and save lives. X-Ray markers, anatomical side markers, Pb markers, lead markers, radiographic markers, film markers; whatever you call them, Techno-Aide is here to help you get the right image the first time! With dozens of styles to choose from and over 30 unique color options, Techno-Aide is proud to be the true one-stop-shop for x-ray markers!

Aluminum X-Ray Markers

Techno-Aide's premium aluminum markers offer a durable and polished look at an affordable price! Each aluminum marker is handcrafted from high grade, lightweight aluminum for extreme durability and a superior finished look. Available in over 30 unique color options and dozens of different styles, Techno-Aide is proud to be the one-stop-shop for all x-ray marker needs!
